What is Senokot S?

[Docusate](#) is a stool softener. [Senna](#) is a laxative.

[Senokot S](#) is a combination medicine used to treat occasional [constipation](#).

Senokot S may also be used for purposes not listed in this medication guide.

Senokot S side effects

Get emergency medical help if you have **signs of an allergic reaction**: hives; difficulty breathing; swelling of your face, lips, tongue, or throat.

Senokot S may cause serious side effects. Stop using Senokot S and call your doctor at once if you have:

- rectal bleeding;
- severe stomach pain, [nausea](#), [vomiting](#); or
- no bowel movement.

Common side effects of Senokot S may include:

- gas, bloating;
- [diarrhea](#); or
- mild nausea.

This is not a complete list of side effects and others may occur. Call your doctor for medical advice about side effects. You may report side effects to FDA at 1-800-FDA-1088.

Warnings

Use exactly as directed on the label, or as prescribed by your doctor.

Before taking this medicine

You should not use Senokot S if you are allergic to docusate or senna, or if you are also taking [mineral oil](#).

Ask a doctor or pharmacist if this medicine is safe to use if you have ever had:

- nausea or vomiting;
- stomach pain;

- a sudden change in bowel habits that lasts for 2 weeks or longer; or
- an intestinal disorder such as [Crohn's disease](#) or [ulcerative colitis](#).

Ask a doctor before using this medicine if you are pregnant or breastfeeding.

Do not give this medicine to a child younger than 2 years old without medical advice.

How should I use Senokot S?

Use exactly as directed on the label, or as prescribed by your doctor.

Take Senokot S with a full glass of water.

It may be best to take this medicine at night or at bedtime. Senokot S should cause you to have a bowel movement within 6 to 12 hours.

Do not take Senokot S for longer than 7 days in a row, unless your doctor tells you to.

Call your doctor if your constipation does not improve or if it gets worse after taking Senokot S.

Store at room temperature away from moisture and heat.

 [Detailed Senokot S dosage information](#)

What happens if I miss a dose?

Since Senokot S is used when needed, you may not be on a dosing schedule. Skip any missed dose if it's almost time for your next dose. **Do not** use two doses at one time.

What happens if I overdose?

Seek emergency medical attention or call the Poison Help line at 1-800-222-1222.

Overdose symptoms may include nausea, vomiting, stomach pain, or diarrhea.

What should I avoid while using Senokot S?

Ask a doctor or pharmacist before using any other laxative or other stool softener that may contain ingredients similar to docusate or senna.

What other drugs will affect Senokot S?

Other drugs may affect Senokot S, including prescription and over-the-counter medicines, [vitamins](#), and [herbal products](#). Tell your doctor about all your current medicines and any medicine you start or stop using.

 [Senokot S drug interactions](#) (more detail)

Does Senokot S interact with my other drugs?
