What is Tears Again?

There are many brands and forms of [ocular lubricant](#) available and not all are listed on this leaflet.

Tears Again is used in adults to relieve burning, irritation, and discomfort caused by dry eyes.

Tears Again may also be used for purposes not listed in this medication guide.

Tears Again side effects

Get emergency medical help if you have **signs of an allergic reaction**: hives; difficult breathing; swelling of your face, lips, tongue, or throat.

Stop using Tears Again and call your doctor if you have:

- severe burning, stinging, or eye irritation after using the medicine;
- eye pain; or
- vision changes.

Common side effects of Tears Again may include:

- mild eye burning or irritation;
- [itching](#) or redness of your eyes;
- watery eyes;
- blurred vision; or
- sensitivity to light.

This is not a complete list of side effects and others may occur. Call your doctor for medical advice about side effects. You may report side effects to FDA at 1-800-FDA-1088.

Warnings

You should not use an Tears Again to treat or prevent an eye infection.

Before taking this medicine

You should not use an Tears Again if you are allergic to it. **This medicine will not treat or prevent an eye infection.**

Ask a doctor or pharmacist if it is safe for you to use Tears Again if you have any type of [infection](#) in your eye.

Tell your doctor if you are pregnant or breastfeeding.

How should I use Tears Again?

Follow all directions on your prescription label and read all medication guides or instruction sheets. Use the medicine exactly as directed.

Wash your hands before using Tears Again.

Do not use Tears Again and call your pharmacist if the medicine looks cloudy or has changed color.

Do not touch the tip of the eye dropper or ointment tube or place it directly on your eye. A contaminated tip can infect your eye, which could lead to serious vision problems.

Call your doctor if your symptoms do not improve, or if they get worse while using Tears Again.

Store at room temperature away from moisture and heat.

What happens if I miss a dose?

Tears Again is used when needed. If you are on a dosing schedule, skip any missed dose. **Do not** use two doses at one time.

What happens if I overdose?

An overdose of ocular lubricant is not expected to be dangerous. Seek emergency medical attention or call the Poison Help line at 1-800-222-1222 if anyone has accidentally swallowed the medication.

What should I avoid while using Tears Again?

Tears Again may cause blurred vision. Avoid driving or hazardous activity until you know how this medicine will affect you.

Do not use other eye medications unless your doctor tells you to.

What other drugs will affect Tears Again?

Medicine used in the eyes is not likely to be affected by other drugs you use. But many drugs can interact. Tell your

doctor about all your current medicines, including prescription and over-the-counter medicines, [vitamins](#), and [herbal products](#).

Does Tears Again interact with my other drugs?

Enter medications to view a detailed interaction report using our [Drug Interaction Checker](#).
