What is ammonium lactate?

Ammonium lactate is a combination of lactic acid and ammonium hydroxide. Ammonium lactate is a moisturizer.

Ammonium lactate is used to treat dry, scaly, [itchy skin](#).

Ammonium lactate may also be used for purposes not listed in this medication guide.

Ammonium lactate side effects

Get emergency medical help if you have any of these **signs of an allergic reaction**: hives; difficult breathing; swelling of your face, lips, tongue, or throat.

Ammonium lactate topical may cause serious side effects. Stop using ammonium lactate topical and call your doctor at once if you have:

- severe redness or stinging where the medicine was applied.

Common side effects of ammonium lactate topical may include:

- mild dryness or skin irritation after use; or
- bruising or discoloration of treated skin.

This is not a complete list of side effects and others may occur. Call your doctor for medical advice about side effects. You may report side effects to FDA at 1-800-FDA-1088.

Warnings

Follow all directions on your medicine label and package. Tell each of your healthcare providers about all your medical conditions, allergies, and all medicines you use.

Before taking this medicine

You should not use this medication if you are allergic to ammonium lactate, [glycerin](#), [mineral oil](#), propylene glycol, or parabens.

Ammonium lactate may be more likely to cause skin irritation in people who have fair or sensitive skin.

FDA [pregnancy category](#) C. It is not known whether ammonium lactate topical will harm an unborn baby. Tell your doctor if you are pregnant or plan to become pregnant while using this medication.

It is not known whether ammonium lactate topical passes into breast milk or if it could harm a nursing baby. Tell your doctor if you are breast-feeding a baby.

Do not give ammonium lactate topical to a child without medical advice.

How should I apply ammonium lactate?

Ammonium lactate is usually applied twice a day. Use exactly as directed on the label, or as prescribed by your doctor. Do not use in larger or smaller amounts or for longer than recommended.

Shake the lotion form of this medication well just before using it.

Wash your hands before and after applying this medication, unless you are using it to treat a hand condition.

Do not apply ammonium lactate to your face unless your doctor has told you to.

Call your doctor if your symptoms do not improve, or if they get worse while using ammonium lactate topical.

Store at room temperature away from moisture and heat.

Ammonium lactate topical dosing information

Usual Adult Dose for Pruritus:

Shake well. Apply topically to the affected areas and rub in thoroughly. Use twice daily or as directed by a physician.

Usual Adult Dose for Ichthyosis:

Shake well. Apply topically to the affected areas and rub in thoroughly. Use twice daily or as directed by a physician.

Usual Adult Dose for Xerosis:

Shake well. Apply topically to the affected areas and rub in thoroughly. Use twice daily or as directed by a physician.

 [Detailed Ammonium lactate topical dosage information](#)

What happens if I miss a dose?

Apply the missed dose as soon as you remember. If it is almost time for your next dose, wait until then to use the medicine and skip the missed dose. **Do not** use extra medicine to make up the missed dose.

What happens if I overdose?

An overdose is unlikely to occur with the use of ammonium lactate topical.

What should I avoid while using ammonium lactate?

Do not take by mouth. Ammonium lactate topical is for use only on the skin. Do not use ammonium lactate topical on open wounds or on sunburned, windburned, dry, chapped, or irritated skin. **If this medication gets in your eyes, nose, mouth, rectum, or vagina, rinse with water.**

What other drugs will affect ammonium lactate?

It is not likely that other drugs you take orally or inject will have an effect on topically applied ammonium lactate. But many drugs can interact with each other. Tell each of your health care providers about all medicines you use, including prescription and over-the-counter medicines, [vitamins](#), and [herbal products](#).
