Important warnings This medicine can cause some serious health issues

Follow all directions on your medicine label and package.

Tell each of your healthcare providers about all your medical conditions, allergies, and all medicines you use.

Get emergency medical help if you have any of these signs of an allergic reaction while taking allantoin / camphor / phenol topical: hives; difficult breathing; swelling of your face, lips, tongue, or throat.

Stop using this medicine and call your doctor at once if you have severe burning, stinging, redness, or other irritation after applying the ointment.

Common side effects may include:

- mild tingling or cool feeling after applying the medicine; or
- a white residue on your lips.

This is not a complete list of side effects and others may occur. Call your doctor for medical advice about side effects.
