Lacrisert

Generic name: [ocular lubricant](#) [*OK-yoo-lar-LOO-bri-kant*]**Brand names:** [Advanced Eye Relief Dry Eye](#), [Artelac Nighttime](#), [Artificial Tears](#), [Bion Tears](#), [Blink Contacts](#), ... [show all 79 brands](#)**Drug class:** [Ophthalmic lubricants and irrigations](#)[Medically reviewed](#) by Drugs.com on Mar 31, 2025. Written by [Cerner Multum](#).[Uses](#) [Side effects](#) [Warnings](#) [Before taking](#) [Dosage](#) [Interactions](#)

What is Lacrisert?

There are many brands and forms of [ocular lubricant](#) available and not all are listed on this leaflet.

Lacrisert is used in adults to relieve burning, irritation, and discomfort caused by dry eyes.

Lacrisert may also be used for purposes not listed in this medication guide.

Lacrisert side effects

Get emergency medical help if you have **signs of an allergic reaction**: hives; difficult breathing; swelling of your face, lips, tongue, or throat.

Stop using Lacrisert and call your doctor if you have:

- severe burning, stinging, or eye irritation after using the medicine;
- eye pain; or
- vision changes.

Common side effects of Lacrisert may include:

- mild eye burning or irritation;
- [itching](#) or redness of your eyes;
- watery eyes;
- blurred vision; or
- sensitivity to light.

This is not a complete list of side effects and others may occur. Call your doctor for medical advice about side effects. You may report side effects to FDA at 1-800-FDA-1088.

Warnings

You should not use an Lacrisert to treat or prevent an eye infection.

Before taking this medicine

You should not use an Lacrisert if you are allergic to it. **This medicine will not treat or prevent an eye infection.**

Ask a doctor or pharmacist if it is safe for you to use Lacrisert if you have any type of [infection](#) in your eye.

Tell your doctor if you are pregnant or breastfeeding.

How should I use Lacrisert?

Follow all directions on your prescription label and read all medication guides or instruction sheets. Use the medicine exactly as directed.

Wash your hands before using Lacrisert.

Do not use Lacrisert and call your pharmacist if the medicine looks cloudy or has changed color.

Do not touch the tip of the eye dropper or ointment tube or place it directly on your eye. A contaminated tip can infect your eye, which could lead to serious vision problems.

Call your doctor if your symptoms do not improve, or if they get worse while using Lacrisert.

Store at room temperature away from moisture and heat.

 [Detailed Lacrisert dosage information](#)

What happens if I miss a dose?

Lacrisert is used when needed. If you are on a dosing schedule, skip any missed dose. **Do not** use two doses at one time.

What happens if I overdose?

An overdose of ocular lubricant is not expected to be dangerous. Seek emergency medical attention or call the Poison Help line at 1-800-222-1222 if anyone has accidentally swallowed the medication.

What should I avoid while using Lacrisert?

Lacrisert may cause blurred vision. Avoid driving or hazardous activity until you know how this medicine will affect you.

Do not use other eye medications unless your doctor tells you to.

What other drugs will affect Lacrisert?

Medicine used in the eyes is not likely to be affected by other drugs you use. But many drugs can interact. Tell your

doctor about all your current medicines, including prescription and over-the-counter medicines, [vitamins](#), and [herbal products](#).

Does Lacrisert interact with my other drugs?

Enter medications to view a detailed interaction report using our [Drug Interaction Checker](#).
